## Alexander S. Donath, M.D., F.A.C.S

Welcome to the practice of Dr. Alexander S. Donath, an internationally renowned facial plastic surgeon who has gained a reputation for excellence in facial cosmetic surgical and non-surgical procedures. Dr. Donath is honored to be invited regularly to present his techniques at international conferences in aesthetic surgery, including Dubai, London, Rio, Barcelona, Lisbon, Buenos Aires and Bangkok, and has patients fly in from all parts of the U.S. and many foreign countries. Dr. Donath has also earned the respect of fellow physicians, having been published in leading plastic surgery journals and textbooks, and having been nominated as a Top Doctor in Cincinnati Magazine and by Castle Connolly for many consecutive years. He is also a national trainer of other physicians for both Galderma and Allergan, and is a frequent guest on multiple media outlets to present the public with the most recent facial aesthetic techniques.

Dr. Donath's fellowship, located in the suburbs of New York City, is recognized as among the best in the world in facial cosmetic surgery procedures, such as facelifting, injectible fillers, and the correction of post-surgical nasal deformities created by other surgeons (revision rhinoplasty), including those in Manhattan, the rest of the U.S., and indeed the rest of the world. Dr. Donath mastered the technique of Fat Grafting–the use of a patient's own fat cells to naturally restore volume in the face which all patients lose with age, to complement other facial procedures – and Dr. Donath is the exclusive surgeon in the Tristate Area to have been personally trained in this revolutionary technique.

Dr. Donath has logged literally thousands of facial surgery cases in areas with such uncompromising standards as the New York City region. A double board certified surgeon specializing in Facial Plastic Surgery, you can therefore be assured of truly unparalleled results by choosing Dr. Donath for your facial plastic surgery needs. A consummate perfectionist, he will not rest until you have the look you desire, from a surgeon you can talk to. Trust your face to the Facial Plastic Surgeon – trust your face to Dr. Donath.

Many of Dr. Donath's patients travel great distances for his innovative techniques and superb results. They have come from as far away as London (UK), the Middle East, Alaska, California, and the East Coast.
